GREATEST OF ALL RIFLE CONTESTS

National Board Completes Arrangements for Matches In August.

THREE WEEKS OF SHOOTING.

Program Most Diversified in History of Military Marksmanship Competitions-Schoolboys Included.

der which the rifle shooting tournament which will be held at Camp Perry, Ohio, next August, will be the greatest shooting event which this country has ever seen. The completed program includes the matches of the National Guard of Ohlo, the Ohlo State Rifle association, and the Department of the Lakes Rifle association, to be held prior to Aug. 20. Aug. 20 and 21 will be set aside for practise for the great national matches which are conducted under the auspices of the war departments and the national board for promotion of rifle practise. The mational team match, in which it is expected there will be more than 50 teams representing states, territories and the regular services, will begin on Monday, Aug. 22 and will be followed by the national individual rifle mater and the national pistol match. The tournament will conclude with the matches of the National Rifle association, which will immediately follow the national match and which will continue for from six to 10 days. The whole program will cover about three weeks of solid shooting. This will be the occasion of the first meeting of the department of the Lakes Rifle association, for which matches several valuable trophies and prizes have been secured. The Ohio State Rifle association has raised more than \$4,000 for cash prizes. in its matches. Congress has appropriated an additional \$4,000 for the use of the national board for the promotion of rifle practise, the bulk of which will be utilized in increasing the prizes in the national match. It is estimated that next August the prize list will be greater by \$7,000 than that of any preceding national meeting.

NEW METHOD THIS YEAR.

Among the interesting features of the new arrangements is the action taken by the National Rifle association. Hereby the National Ride association. Heretofore its matches have been conducted by the state association where the
matches were held and the N. R. A.
received 20 per cent of the gross recelpts. This year the N. R. A. will
conduct its own matches and will pay
back in the form of prizes all money
received from entrance fees, with the
exception of the necessary expense of
orrating the range, which will be very

fire. The conditions of the revolver team match have been changed so that any organization in the regular or volunteer service, armed with the pistol, and whose unit is not larger than a squadron or battalion can enter the match, and regiments may enter teams composed of commissioned and non-rommissioned officers. The inter-club match has been restricted to entries from civilian clubs and military companies which are members of the National Rifle association. Members of state teams are barred.

FOR NEWSPAPERMEN.

To render the National Press rifle

FOR NEWSPAPERMEN.

To render the National Press rifematch more attractive to the profession, nombers and alternates of state teams will be barred from participation. This match was established for the benefit of working newspaper men who take an interest in eitle shooting but who have not the advantages of practise and ammunition incidental to membership on state teams. The permanent press cup and levens. The permanent Rife association and cash.

Col. John Jacob Astor. of New York. A life member of the National Rife association, has given the association and crebity for the interschoiastic indoor chamblousity match, which will be shot on the galleries of the various schoolboy clubs in April. The match will be crefined to schools not giving a degree. escent that permission has been given to the Central High school of Philadelphik to enter a team. This school is althorized to give degrees by a special act of the Pennsylvania high school in the battween twenty and levens and is the greatest number of times. It is expected that it will be later accompanied by an endowment found of \$1,600 to furnish the contress of the state of New Jersey, the inter-collegitate outdoor championship rife inatobas exame flind in Hun. This levens for teams and in the permanent trophy to the school will enter icam for teams and the Massachusetts make the property of the permanent trophy to the school will enter teams for teams and the Massachusetts make the profession of Realism. Second the permanent trophy to the school will enter the permanent prophy to the form of a sileid. It was been given the school will enter the permanent prophy to the form of a sileid. It was been given the permanent prophy to the form of a si

WORKINGMEN'S SAVINGS CLUBS IN ENGLAND

Consul Charles N. Daniels writen on Sheffield that one poculiarity of

rade having made itself felt nances of the clubs, thousand an extent as might !

It is not uncommon for the banks to pay out \$300 (\$1.460) to \$500 (\$2.433) to a single club, and the problem of storing the money is one of some difficulty. As the amonate have to be divided among many people they are wanted in cash, and in some cases the proportion of gold, silver and copper is specified. It is not always an easy matter to get hold of all the copper that is called for,
